  Air temperature has been adjusted and appears to be fine. The indoor pool temperature is still under review.

IV. New Business:  
- The Office of Civil Rights (OCR) visit is scheduled for the third week of March. The visit is not due to a complaint being made. Their review is regarding program access, especially for the sight and hearing impaired at the Santa Rosa campus (i.e. some door knobs still have the round knobs and should be updated). Patie and Paul are extensively working on the preliminary survey information provided by OCR.

  Ian suggested that he be the contact should OCR need to interview a student in a wheelchair.

- ADA Corrections and additional review for projects: Ongoing
