3. PROJECT UPDATE (Capital and Infrastructure Projects) ~ Leigh Sata

4. PLANNING ISSUES

5. NEW BUSINESS

COMMITTEE FUNCTION

The purpose of the Facilities Planning Committee is to provide insightful advice to the administration and the Institutional Planning Council for the need, rationale and functions of either new construction, rehabilitation or remodeling of District educational and support facilities, and the protection of our architectural heritage. It serves as a forum for the sharing and exchanging of important information relevant to District-wide facilities planning issues. The Dean for Administrative Services utilizes the advice from the committee for updating the District's five-year capital outlay program, annual deferred maintenance program and other general project plans.
