

Faculty Equivalency Minutes

3/8/2019

Present:

April Chapman, Nicole Frantz, Mike Henry, Sarah Whyllly, Shelly Kaldunski, Robin Fautley

Adoption of Minutes:

Minutes of the previous meeting passed. Those not present at the previous meeting abstained.

Cases:

1) Additional materials were considered for the applicant. The equivalency committee voted to deny (6-0) based on the lack of clear work experience that would supplement the Education degree making it equivalent to Early Childhood Education.

2) The ASL Case was denied (6-0). The candidate has not completed a Bachelor's degree and only has 1.5 years of experience. Once the candidate finishes the degree and gains another half year of experience, the minimum qualifications will be met.

Discussion of Items:

The committee went through the comments that Jerry Miller made to Procedure 4.3.2bP and made changes deemed appropriate to the document.

The committee discussed the work left to be done on the equivalency guidance document. The committee will determine if the list of alternative ways to get equivalency represents the various options/pathways at our next meeting.

Pathways to Equivalency
