Student Success & Equity Committee

Minutes

May 6, 2015
Senate Chambers/Mahoney Library 726
1:15 – 2:45 p.m.

MINUTES:

Approve minutes: Lauralyn made a motion to approve the April 1st minutes; Lauren seconded it; the minutes were approved as read.

1. Institutional Effectiveness and Success Score Card

KC Greaney presented the California Community Colleges Chancellor’s Office 2015 Institutional Effectiveness Program Initiative (IEPI) measures and Student Success Scorecard, including results for SRJC with comparison to statewide averages. KC showed the IEPI measures and required district/college goals including fiscal measures, accreditation status, and student success goals. She also demonstrated how to access and interpret equity data, and shared some updates from the CO, including opportunities for staff development.

Next, KC presented the Student Equity Index created with Tableau by Greg Drukala. Two sub-groups were introduced to the Student Equity Index. The third sub-group is responsible for using the Student Equity Index to evaluate which sub-populations the committee needs to consider for 2015/16 Student Equity Plan development.

2. Campus Based Research for SSSP and Student Equity

Sub-groups reported discoveries and questions from April meetings back to the committee. The Tableau group proposed a question about whether to use the equity index or 80 percent index for comparing student equity data. After discussions, the committee unanimously agreed the equity index should be used for the next plan, though the 80 percent index should be used as a reference since it was used in the 2014-15 Plan.

3. Development of SSSP and Student Equity Plans: 2015-16 timeline

The committee discussed the draft timeline for 2015/16 SSSP and Student Equity plan development through summer and first part of fall 2015:

- SSSP Plan and Student Equity Plan – The committee agreed to meet together May 20th to prepare for summer retreats, in particular to set the direction for research. Sub-groups may meet at another time.
• NC SSSP Plan – Hector and the advisory group are discussing dates and times for its development.
• Summer Retreats – The committee decided to meet June 22nd and July 29th to develop the SSSP Plan and Student Equity Plan.

4. Future Agenda

Next entire committee meeting on May 20th to prepare for summer. Sub-groups may meet together at another time. The Tableau sub-group needs to meet prior to May 20 to provide preliminary research recommendations.

Adjourned at 2:45 p.m.

Respectfully submitted,

Anthony England
Program Specialist II, Student Success
